

BE SOMEONE ELSE WITH ME

By Jamey Halley

Be someone else with me.

In being someone else, we will discover
More of ourselves.
There is a void that exists
In front of hundreds of waiting
Eyes and souls.

Fill that void with me.

We will fill it with ourselves.
Open up our body casings
And let our valves open
And pour out into the atmosphere.

Be someone else with me.

We can fill the air
With color, light, and sound.
We can synchronize,
Perfect communication.
We fill the works with
Life and Meaning.

Fill that void with me.

We will step together
Through the doorway
Into the Now.

Be someone else with me.

The only thing that matters
Is this moment.

Be someone else with me.

We will shape reality.

Be someone else with me.
